October 26, 2012

Mr. Gary Corbett
President
The Professional Institute of the
Public Service of Canada
250 Tremblay Road
Ottawa, Ontario
K1G 3J8

Dear Brother Gary:

The strike against significant concessions by PSAC members employed by the St. John's International Airport Authority continues despite the lost revenue to the community that is directly attributable to the principled stand that that most labour organizations have taken in cancelling union events in order to provide real and tangible support to our striking members.

As I have indicated to you personally nowhere has this positive impact been greater than your Board's unanimous decision to relocate your 2012 Annual General Meeting to the National Capital Region from St. John's.

Relocating a meeting of the size of your AGM is no small feat and likely inconvenienced your officers, delegates and staff in many ways.

On behalf of our entire membership, and particularly our members who are standing their ground on the picket line in St. John's, a sincere thank you to your membership and Board for standing on principle and supporting our strike.

In Solidarity,

Robyn Benson
National President
