ARTICLE 24 - COMPENSATION

24.01 Employees shall be compensated for their services in accordance with Schedule "A", which is attached to and forms part of this Collective Agreement.

24.02 The parties agree that the wage adjustments resolve the issue of Pay Equity maintenance to date, and the parties further agree that future collective bargaining settlements or awards will be deemed to resolve any future issues related to Pay Equity maintenance without any specific reference to male comparators. It is understood and agreed that the parties will take into consideration the issue of pay equity when tabling proposals through the normal course of collective bargaining.

This pay equity maintenance agreement plan applies to all the employees represented by the Union at the Windsor Regional Cancer Centre. The parties agree that there was no requirement for a wage adjustment at times other than those as identified in the Memorandum of Settlement or Interest Arbitration Award.

For further clarification, in the event of a dispute, it is the intention of the parties that an interest arbitration board would not constitute itself as an equivalent to the Pay Equity Tribunal, neither would it conduct an inquiry into matters as if it were a Pay Equity

Tribunal, but rather the arbitration board would conduct itself in its usual manner in dealing with such issues.

Any new classifications that may be created in the bargaining unit shall be deemed to achieve pay equity through the application of the "New Job Classifications" clause of the Collective Agreement, Article 24.08.

The parties agree that this agreement satisfies any and all requirements of the Pay Equity Act.

Retroactivity, if any, will be paid within four full pay periods of the date of the ratification or award on the basis of hours paid. Retroactive pay will be paid on a separate deposit where the existing payroll system allows.

The employer shall write to former employees by registered mail to the last address on file with the Employer, with a copy to the union, within 30 days of the date of the ratification or arbitral award. Any claim for recognition of such experience must be made in writing by the Employee at the time of hiring or prior to completion of his probationary period. The Employee shall co-operate with the Employer by providing verification of previous experience so that his recent and directly related clinical experience may be determined and evaluated during the probationary period. If a period of more than two (2) years has elapsed since the Employee has occupied a full-time or regular part-time position, then the number of increments to be recognized and paid as provided above, if any, shall be at the discretion of the Employer.

24.06 In the case of promotion, the starting salary shall be the commencement rate of the new classification except that when an employee is promoted to another classification and such promotion would not otherwise result in any increase in salary at the time, such Employee shall be placed in an experience grade in her new classification which will provide an immediate increase over her previous salary rate.

24.07

- (a) A full-time Employee whose status is altered to that of part-time will maintain her prior hourly rate for that classification based on her scheduled hours.
- (b) A part-time Employee whose status is altered to that of full-time will maintain her prior hourly rate for that classification.

24.08 New Job Classifications

When a new classification (which is covered by the terms of this collective agreement) is established by the Employer, the Employer shall determine the rate of pay for such new classification and notify the local Union of the same. If the local Union challenges the rate, it shall have the right to request a meeting with the Employer to endeavour to negotiate a mutually satisfactory rate. Such request will be made within ten (10) days after the receipt of notice from the Employer of such new occupational classification and rate. Any change mutually agreed to resulting from such meeting shall be retroactive to the date that notice of the new rate was given by the Employer. If the parties are unable to agree, the dispute concerning the new rate may be submitted to arbitration as provided in the agreement within fifteen (15) days of such meeting. The decision of the board of arbitration (or arbitrator as the case may be) shall be based on the relationship established by comparison with the rates for other classifications in the bargaining unit having regard to the requirements of such classification.

When the Employer makes a substantial change in the job content of an existing classification which in reality causes such classification to become a new classification, the Employer agrees to meet with the Union if requested to permit the Union to make representation with respect to the appropriate rate of pay.

If the matter is not resolved following the meeting with the Union, the matter may be referred to arbitration as provided in the agreement within fifteen (15) days of such meeting. The decision of the board of arbitration (or arbitrator as the case may be) shall be based on the relationship established by comparison with the rates for other classifications in the bargaining unit having regard to the requirements of such classifications.

The parties further agree that any change mutually agreed to or awarded as a result of arbitration shall be retroactive only to the date that the Union raised the issue with the Employer.

The parties further agree that the above process as provided herein shall constitute the process for Pay Equity Maintenance as required by the Pay Equity Act.

ARTICLE 25 -TECHNOLOGICAL CHANGE

- 25.01 The Employer undertakes to notify the Union in advance, so far as practicable, of any technological changes which the Employer has decided to introduce which will significantly change the status of Employees within the bargaining unit. LETTER OF UNDERSTANDING

RE: PAY EQUITY MAINTENANCE AGREEMENT

This pay equity maintenance agreement plan applies to all the employees represented by the Union at the Windsor Regional Cancer Centre. The parties agree that there was no requirement for a wage adjustment at times other than those as identified in the Memorandum of Settlement.

The October 1, 2009 adjustments in the Collective Agreement resolve the issue of Pay Equity maintenance to date, and the parties further agree that future collective bargaining settlements or awards will be deemed to resolve any future issues related to Pay Equity maintenance without any specific reference to male comparators. It is understood and agreed that the parties will take into consideration the issue of pay equity when tabling proposals through the normal course of collective bargaining

For further clarification, in the event of a dispute, it is the intention of the parties that an interest arbitration board would not constitute itself as an equivalent to the Pay Equity Tribunal, neither would it conduct an inquiry into matters as if it were a Pay Equity Tribunal, but rather the arbitration board would conduct itself in its usual manner in dealing with such issues.

Any new classifications that may be created in the bargaining unit shall be deemed to achieve pay equity through the application of the "New Job Classifications" clause of the Collective Agreement, Article 24.08.
